The objective of Republicans for Pro-Choice is compromise; to persuade those opposed to abortion to recognize the enormous potential to redirect America back to a path to recapture family values and once again take

pride in the greatest culture in the history of civilization.

The group suggests that women be allowed abortion on demand at any time during the first

trimester of pregnancy. More lenient deadlines will be proposed in cases of rape or incest.

"Republicans for Pro-Choice will gather one million signatures that support their agenda," says Finger. The organization also has plans to place its initiative with a "for" or "against" vote on at least 150 of the 254 counties on the November 2024 ballot.

Republicans for Pro-Choice invites all Republicans who believe in a woman's right to choose to visit

www.RepublicansForProChoice.com and support this movement today.
