

STEELPORT Launches “Knife Spa” Restoration Service To Further Protect Customer Investment In Premium Handcrafted Cutlery

Alongside their Lifetime Warranty for normal use, STEELPORT’s “Knife Spa” provides a solution for knives in need of restoration due to accidental misuse.

PORTLAND, OR, UNITED STATES, April 11, 2023 /EINPresswire.com/ -- [STEELPORT Knife Co.](#), celebrated makers of American-forged carbon steel kitchen knives handcrafted locally using all US-sourced materials, have launched a new “[Knife Spa](#)” service. If a customer ever finds their STEELPORT knife damaged by accident and in need of repairs or restoration, they can now purchase a Knife Spa service and the STEELPORT team will restore the knife for them.

The Knife Spa service is available for all five of STEELPORT Knife Co.’s lineup of award-winning American made knives, including the 4” Paring Knife, 6” Chef Knife, 8” Chef Knife, 10” Slicing Knife, and 10” Bread Knife.

With a little basic maintenance (i.e. keeping the blade clean and dry after each use) a STEELPORT will last a lifetime without any need of restoration, and STEELPORT confidently offers a lifetime warranty covering any defect and damage that may occur through normal use. This new Knife Spa service provides customers with an additional layer of confidence with a solution to repair STEELPORT knives that may have become damaged through accidental misuse.

“While it’s easy to maintain a carbon steel knife, we also know accidents happen – for example, a well-intentioned friend might try to help clean up after a dinner party and accidentally run your STEELPORT through the dishwasher, or most recently we had a case of a STEELPORT damaged during a flood ... That’s where our new ‘Knife Spa’ service comes in,” says Ron Khormaei, Founder and CEO of STEELPORT Knife Co. “The Knife Spa helps customers protect their heirloom cutlery, and also reduces wastefulness by providing the chance to repair a damaged item instead of stopping its use. We want to help ensure a STEELPORT continues as a trusted tool in our customer’s kitchen creating a lifetime of meals and memories.”

The Knife Spa service includes a full refurbishing of every part of a STEELPORT knife - from repolishing and patina of the blade, re-sanding and polishing the handle, to sharpening and repair of the edge. The STEELPORT Knife Spa service costs \$85 per knife.

Customers can purchase the Knife Spa service online and ship their STEELPORT from anywhere in the continental US to the Portland factory for restoration, or customers are welcome to bring their STEELPORT in-person directly to the STEELPORT Knife Co. factory, located at 3602 NE Sandy Blvd. Suite B, Portland, Oregon.

The Knife Spa service is available for [all five of STEELPORT Knife Co.'s lineup](#) of award-winning American made knives, including the 4" Paring Knife, 6" Chef Knife, 8" Chef Knife, 10" Slicing Knife, and 10" Bread Knife.
