/EINPresswire.com/ -- BLUETTI EP600 and AC500 Win [Red Dot Design Award 2023](#)

BLUETTI, a leading provider of portable power stations, is proud to announce that its products EP600 and AC500 have won the prestigious Red Dot Design Award 2023. The award recognizes the outstanding design of the two products and acknowledges the innovation and excellence of BLUETTI's design team.

The Red Dot Design Award is one of the most renowned design competitions in the world, and it attracts thousands of entries from different countries and industries. The award recognizes products that demonstrate exceptional design, quality, and innovation. Winning the award is a significant achievement for BLUETTI, and it demonstrates the company's commitment to creating products that are not only functional but also aesthetically pleasing.

The [EP600&B500](#) is BLUETTI's latest Energy Storage System (ESS) that utilizes solar energy to provide clean and reliable power to households. It's designed for on-grid or off-grid use with easy installation(no wall mounting required) and simple operation. With a sleek, practical modular design, and cutting-edge technology, it is the perfect solution to reach power independence in a sustainable way.

The [AC500&B300S](#) is a modular power station for home backup or off-grid living. It adopts reliable LiFePo4 batteries that contains no harmful heavy metals and advanced technology to enable fast charging, split phase function, and UPS protection. It features a simple yet aesthetic design, and superior performance, a true marriage of functionality and beauty.

BLUETTI EP600 and AC500 Win Red Dot Design Award 2023

"We are thrilled to have won the Red Dot Design Award 2023," said Jame Ray, spokesperson for BLUETTI, "Our design team has worked tirelessly to create products that not only perform well but also look great. Winning this award is a testament to their hard work and dedication, and we are proud of what we have achieved".

BLUETTI has won this award several times for its innovative and eco-friendly energy products. Innovation, sustainability, and excellence are written in its DNA. The EP600 and AC500 are currently available for purchase on BLUETTI's website, and they come respectively with a 10-year and 4-year warranty.

About BLUETTI

From the very beginning, BLUETTI has tried to stay true to a sustainable future through green energy storage solutions for both indoor and outdoor use while delivering an exceptional eco-friendly experience for our homes and our world. That's why BLUETTI makes its presence in 70+ countries and is trusted by millions of customers across the globe.
