

PeopleReign Successfully Completes SOC 2 Type II Audit

CERTIFICATION DEMONSTRATES THE HIGHEST STANDARD OF SECURITY AND COMPLIANCE AND A COMMITMENT TO EARNING CUSTOMER TRUST

SAN JOSE, CALIFORNIA, UNITED STATES, April 13, 2023

/EINPresswire.com/ -- PeopleReign, the industry-leading SaaS platform to automate IT and HR employee service, announced today that it has successfully completed its Service Organization Control (SOC) 2 Type II certification. SOC 2 is an auditing standard developed by the American Institute of Certified Public Accounts (AICPA). Successful completion of the SOC 2 Type II audit validates PeopleReign's focus on security and compliance and ongoing commitment to earning customer trust.

The SOC 2 audit evaluates a company's ability to meet five key "trust service principles" for managing customer data: security, availability, processing integrity, confidentiality, and privacy.

“

We take great pride in operating with integrity, being good stewards of customer data, and continuously earning the trust of our customers.”

*Dan Turchin, CEO of
PeopleReign*

By successfully completing this audit, PeopleReign has demonstrated not only its ability to implement critical security policies but also its ability to maintain compliance over an extended period of time.

"The [future of work](#) is about delivering better employee experiences. Just as employees must trust their employers, organizations must trust their vendors. We take great pride in operating with integrity, being good stewards of customer data, and continuously earning the trust of our customers," said Dan Turchin, CEO of PeopleReign. "This

milestone reaffirms our commitment to exercising AI responsibly."

PeopleReign's SOC 2 Type II audit was performed by Johanson Group LLP, an accredited CPA firm, in partnership with Vanta, a leading automated security and compliance solutions provider. Vanta's audit process verified that PeopleReign had every necessary process, policy, and system in place to protect customer data.

PeopleReign's SaaS platform is used by many of the most sophisticated organizations in the world to [automate IT and HR tasks and keep employees engaged and motivated at work](#).
