

Learn about the laws that impact businesses in the US in Vibrant's new 'Essentials' book

Business Law Essentials is a must-read for business owners to get a fundamental understanding of the laws in the US

BROOMFIELD, CO, UNITED STATES, April 13, 2023 /EINPresswire.com/ -- Vibrant Publishers is coming out with a compact and handy guidebook for business laws in the United States. [Business Law Essentials You Always Wanted To Know](#) by Komal Shah will give a working knowledge of business laws in the US to new and experienced business owners and amateur students.

Business Law Essentials is a comprehensive and useful guide about the laws that impact businesses in the US

Business owners may not have the time and expertise to understand and keep track of the laws that govern businesses. But, they can surely have a working knowledge of the subject to not be dependent on a lawyer. Komal Shah, with an experience of over 20 years in the domains of corporate law and corporate governance, has written this book with the aim to simplify the legal language for people without a legal background. She condenses the colossal subject into easy-to-understand chunks and includes only the most essential information that a business owner or a business manager should know.

“

Business Law Essentials gives you a comprehensive overview of all laws that you may become subject to, in the course of carrying on and running a business”

Komal Shah, author of Business Law Essentials

“Often, founders wonder why they should know about the laws impacting their business. Wouldn't it be better to simply hire a lawyer to take care of the legal requirements? But here's the thing: availing of specialized legal services is

expensive and finding reliable legal services is difficult. This is why it is essential to gain at least an overview of the laws that impact your business, and the laws that you may need to resort to while dealing with other persons or companies. Business Law Essentials gives you a

comprehensive overview of all laws that you may become subject to, in the course of carrying on and running a business,” says Komal Shah.

She first gives an overview of the legal system in the United States and then goes on to explain the different forms of businesses. She covers topics like basic taxation regimes, employment law, social security, contract law, intellectual property law, data protection and privacy laws, real estate laws, tort laws, securities laws, bankruptcy laws, etc. The topics are explained against the backdrop of real-life scenarios so that it enables the reader to apply them in their own situations. All chapters end with multiple-choice questions that reinforce the learnings of the chapter. The Advance Review Copy of this book is now available for interested readers on [NetGalley](#).

Business Law Essentials You Always Wanted To Know is part of Vibrant Publisher’s [Self-Learning Management series](#). The series is designed to help students, professionals, entrepreneurs, managers, and career switchers learn essential concepts of management subjects.

About the Author

Komal Shah has 20 years of experience in corporate law and corporate governance. She is the co-founder of LawSikho, a legal ed-tech company where she leads the business legal clinic and teaches students to work and develop hands-on expertise in international contract drafting and compliance-related work. She has helped numerous startups located in India, the US, UAE, Singapore, Australia, etc with contracts, entity formation in the US, flipping, acquisitions, corporate structuring, and investment transactions.

About the Self-Learning Management series

The Self-Learning Management Series is designed to address every aspect of business and help students, new managers, career switchers, and entrepreneurs learn essential management lessons. Each book contains fundamentals, important concepts, and standard and well-known principles as well as practical ways of application of the subject matter, in a compact format that is very easy to interpret.
