

Highlights from the Round Up News Magazine - April 13, 2023

Press Releases, Blogs, Podcasts, Case Studies, Webinars and Videos

SUNDRE, ALBERTA, CANADA, April 13, 2023 /EINPresswire.com/ --
Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content on the Internet, through social media and our popular Round Up News Magazine. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

Top videos include PCL Construction announcing a major achievement in their partnership with the Calgary Stampede and CMLC on the BMO Centre Expansion project. Since 2020, the PCL team has been hard at work, and have made tremendous progress with demolition of the existing Hall A, Stampede Corral, and Boyce Theatre. With foundations laid in the spring of 2021 and structural steel completed in November 2022, PCL is proud to report that the new building is projected to be substantially complete in less than a year.

Also, Interesting Engineering gives us a look at the massive SGC-250 crane, the biggest and most potent crane in Sarens' fleet in terms of size and capability. It is easy to see why Sarens has grown to be a global leader in heavy lifting and engineered transport.
