

Why Sofema Online Provides Free of Charge Guest Access to the Online Training Platform

SOFIA, SOFIA, BULGARIA, April 13, 2023 /EINPresswire.com/ -- Sofema Online www.sofemaonline.com Welcomes Guest Enrollment from Decision Makers, Training Managers, and Quality Managers to both audit as well as assess the suitability of the material for their staff.

Introduction – Sofema Online (SOL) provides Free of Charge (FOC) Guest Access

Sofema Online is the world leader in EASA-compliant regulatory and vocational training offering over 300 Courses, Packages, and Diplomas. SOL is very pleased to share that during 2022 were enrolled over 24,000 Delegates.

Steve Bentley FRAeS, CEO of Sofema explains why we decided to offer guest access to our clients and potential clients:

“By offering free guest access SOL focuses on building relationships with future clients, enabling them to evaluate our product as well as increasing visibility, building trust, continuously improving the platform through feedback as well as building relationships with potential users.”

- Sofema Online wants to allow potential users to experience the platform before making a commitment to purchase. This allows them to get a better understanding of the content and structure of the platform, and whether it meets their needs.
- Potential users will be able to see for themselves the quality of the content, the effectiveness of the platform's delivery, and the user experience.
- By evaluating the platform's features and functionality, clients can determine whether the platform is the right fit for their organization's needs.
- As an additional bonus, free guest access allows users to provide feedback on the platform's

Why Sofema Online Provides Free of Charge Guest Access to our Online Training Platform

content, delivery, and user experience.

- This feedback can help Sofema Online to make improvements and updates, which can lead to a better product in the long run.

>> This is why SOL has introduced two very special areas of the website related to course learning objectives and job role training requirements:
