*Top executives from the world's leading tech companies will converge in Santa Clara, CA to unveil their latest strategies and insights on Edge Computing.*

Edge Computing Expo North America Speakers

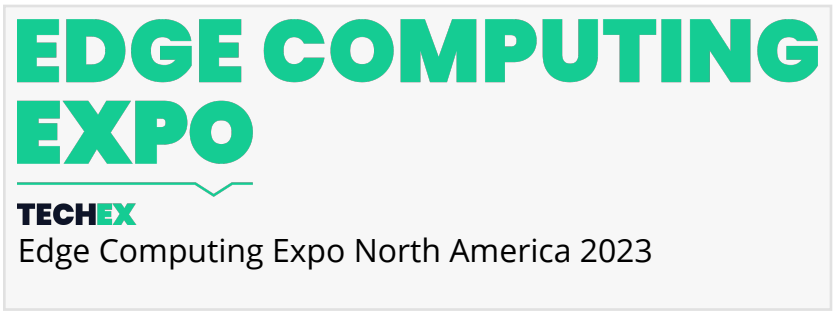
SAN FRANCISCO, CALIFORNIA, UNITED STATES, April 13, 2023 /EINPresswire.com/ -- On 17-18 May 2023, Edge Computing Expo North America will bring together the biggest names in technology for an unparalleled showcase of innovation and expertise. Some of the world's leading tech companies will converge in Santa Clara, California, as their top executives take to the stage to unveil their latest strategies and insights surrounding the edge computing ecosystem.

> We're thrilled to welcome such impressive speakers at Edge Computing Expo. These are some of the most influential and knowledgeable experts in the industry, with a wealth of skills and experience."
>
> *Lia Richards, Head of Conference*

The Edge Computing Expo North America is pleased to announce its line-up of top industry experts who will be speaking at the event taking place May 17-18th at the Santa Clara Convention Center, California. With the exponential growth in data and the increasing demand for real-time analytics, edge computing has become a critical technology for businesses to stay competitive. Edge Computing Expo North America will bring together the leading experts in the industry to discuss the latest developments, best practices, and real-world use cases.

This year's event will include Edge Computing experts from a range of sectors, including global brands such as Sephora, LinkedIn, Netflix, Walgreens, Uber, Toyota; as well as technology leaders from large financial services including Wells Fargo, Bank of America, PayPal, RBC Capital Markets, to mention a few.

Top speakers include:
 Azita Asefi, Principal Systems Architect, VP Decision Intelligence & Automation at Wells Fargo
 Mani Soundararajan, Distinguished Enterprise Architect at Sephora
 Rob High, VP and CTO for the IBM Edge Computing Portfolio at IBM
 Prasanna Vijayanathan, Senior Software Engineer at Netflix
 Saikrishna Kotha, Head of Global Network Services at PayPal
 Aravinda Boyapati, Technology Director – Advanced Technologies at Johnson & Johnson
 Abhishek Agrawal, Head of LinkedIn Learning Enterprise at LinkedIn
 Steve Ma, Senior Director, Enterprise Architecture at Walgreens
 Jonathan Atkin, Managing Director, Global Head – Communications Infrastructure at RBC Capital Markets
 Kumar Singirikonda, Director – DevOps Engineering at Toyota North America
 Madan Thangavelu, Director of Engineering at Uber



These speakers will share their invaluable experiences and insights on a wide array of topics, including edge platforms, lifecycle management, improving customer experience through edge, edge security, and accelerating transformation with edge computing. On top of that, the event offers an all-encompassing experience with exciting features such as the large expo hall exhibiting the latest tech solutions. You'll also have numerous opportunities to network and mingle with like-minded individuals, culminating with a spectacular networking party at the iconic Levi's Stadium at the end of day 1.

Don't miss this opportunity to be part of the future of technology. Learn more and register today: https://edgecomputing-expo.com/northamerica/ticket-information/
