Sikama International Strengthens Worldwide Distributor Network by Partnering with CMT Global to support Korean and International Markets

SANTA BARBARA, CA, UNITED STATES,

May 9, 2023 /EINPresswire.com/ --

[Sikama](#) International, a trusted provider of state-of-the-art reflow systems is proud to announce their new [partnership](#) with CMT, a global leader specializing in back-end semiconductor [solutions](#).

CMT was formed in August 2010 by Mr. CW Kwak, who has over 30 years experience in the semiconductor industry. CMT offers both material and equipment solutions in the back-end semiconductor assembly market.

CMT is a unique global marketing and sales company. CMT focuses on a micro-level marketing working directly with clients and customers through offering specific projects, right beta sites, and global project management. CMT focuses on short-term projects to deliver sales on client's current products, then offers mid-term projects for next 2-3 years, and long-term programs 5-10 years out to deliver continuous long-term growth and sustainability.

Sikama's new partnership with CMT will enable both companies to expand their reach to provide customers with an expansive range of solutions on a global platform. To learn more about Sikama International, visit www.sikama.com.
