

# Asigra Recognized as a CRN® Coolest Data Protection Vendor for 2023

TORONTO, ONTARIO, CANADA, April 17, 2023 /EINPresswire.com/ -- Asigra Inc., a leader in ultra-secure backup and recovery, today announced that it has been named to [CRN Magazine's Coolest Data Protection Vendor List](#) for 2023. CRN®, a brand of [The Channel Company](#) produces the Coolest Data Protection Vendor List to recognize industry-leading technology companies providing transformative, channel-friendly products and services.

Part of the CRN Top 100 Storage Vendors for 2023, the Coolest Data Protection Vendor list is a valuable resource for solution providers looking for supportive vendors in a complex data protection, data management and resilience market. This year's list represents the industry leaders that can be used for on-premises or cloud deployments. The companies were chosen by CRN for their perseverance in pushing the boundaries of innovation through cutting-edge technology and strategic partnerships.

CRN, featuring the text "THE CHANNEL CO." in a small, black, sans-serif font above the word "CRN" in a large, bold, red, sans-serif font.The logo for Storage 100, featuring the word "STORAGE" in a white, bold, sans-serif font above the number "100" in a very large, white, bold, sans-serif font, all set against a black rectangular background.The year "2023" is displayed in a red, sans-serif font.

Asigra was selected for its ultra-secure data protection software -- Tigris Data Protection software. Tigris is a cloud backup and recovery software used by MSPs to protect and manage data across various environments, including physical, virtual, and cloud-based infrastructures. Using agentless architecture, it automatically discovers and protects all data sources without installing agents and features comprehensive security features, including military-grade

encryption, multi-factor authentication, and compliance reporting.

“CRN’s 2023 Cool Data Protection Vendor list recognizes the leading vendors that are delivering transformative advancements in storage technology and bringing modern solutions to customers and solution providers that are built for the future,” said Blaine Raddon, CEO of The Channel Company. “We are honored to recognize their contributions as the leading players in storage technology for 2023.”

“Asigra Tigris Data Protection software has been a foundational platform for managed service providers as partners successfully base their profitable cloud backup services on this proven technology,” said Eric Simmons, CEO of Asigra. “We are honored to be recognized for supporting channel partners in their efforts to protect and secure client data.”
