

Intelligent Drug Discovery Market| Demand, Growth, Revenue Analysis by 2027 with CAGR of 39.4%

The growing demand for cost-effective medicines and the adoption of cloud-based applications will drive the demand for intelligent drug discovery.

VANCOUVER, BC, CANADA, April 18, 2023 /EINPresswire.com/ -- The report talks about the shift in demands and emerging trends that are expected to drive the growth of the [Intelligent Drug Discovery market](#). The rising demand

for the Intelligent Drug Discovery

market is expected to drive the demand for Intelligent Drug Discovery market, thereby bolstering the growth of the industry. Moreover, the report also studies the impact of the COVID-19 pandemic on the market.

“

Market Size – USD 258.9 Million in 2019, Market Growth - CAGR of 39.4%, Market trends
–Advancement in technology

”

Emergen Research

The global Intelligent Drug Discovery Market is forecasted to be worth USD 3,711.8 Million by 2027, according to a current analysis by Emergen Research. The intelligent drug technology market is growing, and several pharmaceutical companies are focusing on the development of drugs using artificial intelligence. The pharma companies are taking advantage of the technology to discover drugs for more complex diseases. The growing adoption of cloud-based applications and the expiration of patented drugs will pave the way for new generic and OTC medicines, which will influence market demand.

For the purpose of this report, Emergen Research has segmented into the global Intelligent Drug Discovery Market on the offering, technology, application, end-user, and region:

Offering Outlook (Revenue, USD Billion; 2017-2027)

Software

Services

Technology Outlook (Revenue, USD Billion; 2017-2027)

Machine Learning

Supervised Learning

Deep Learning

Reinforcement Learning

Unsupervised Learning

Other Technologies

Application Outlook (Revenue, USD Billion; 2017-2027)

Neurodegenerative Diseases

Metabolic Diseases

Immuno-Oncology

Cardiovascular Disease

Others

End-User Outlook (Revenue, USD Billion; 2017-2027)

Contract Research Organizations

Pharmaceutical & Biotechnology Companies

Research Centers and Academic & Government Institutes

The report addresses the following key points:

The report provides a forecast of Intelligent Drug Discovery market drivers, restraints, and future opportunities for the Intelligent Drug Discovery market

The report further analyses the changing market dynamics

Regional analysis and segmentation of the Intelligent Drug Discovery market with analysis of the regions and segments expected to dominate the market growth

Extensive competitive landscape mapping with profiles of the key competitors

In-depth analysis of business strategies and collaborations such as mergers and acquisitions adopted by the key companies

Intelligent Drug Discovery market in North America accounted for largest revenue share in 2021.
