“We are thrilled to report such strong sales growth for the first quarter of 2023,” said Ricardo Resnik, CEO of

Multipoint Group. “Our team's hard work and dedication to our clients have resulted in this outstanding achievement. We are also excited to continue expanding our business globally, and we're happy to announce the opening of our new offices in Romania and Poland.”

Multipoint Group's new office in Romania will provide customers in Eastern Europe with the

company's full suite of services, including cloud computing, cybersecurity, and data analytics. The new office in Poland, scheduled to open in Q2 2023, will further expand the company's reach in Central Europe and will allow Multipoint Group to better serve its clients in the region.

Multipoint Group's commitment to delivering world-class technology solutions has earned the company a reputation as a trusted partner to businesses of all sizes. With offices now located around the globe, the company is well positioned to continue driving growth and innovation in the cyber security industry.

Additionally, Multipoint Group is pleased to announce that it has expanded its partnerships with several leading cybersecurity companies, including Lansweeper, Perimeter 81, and LastPass. As a result of these partnerships, Multipoint Group will now be able to offer an even wider range of cutting-edge technology solutions to its clients.

"Our strategic partnerships with these cybersecurity companies will enable us to provide our clients with even more comprehensive and robust security solutions," said Arie Wolman, COO of Multipoint Group. "As we continue to expand our global reach, we remain committed to delivering the most advanced technology solutions to our clients."

With its continued expansion into new regions and partnerships with leading cybersecurity companies, Multipoint Group is well-positioned to continue driving growth and innovation in the technology industry.
