About CoinAnalyst Corp.:

CoinAnalyst provides an artificial intelligence-based big data analytics platform that enables investors in the digital asset sector and other industries detailed AI-powered analysis of market sentiment, fundamentals, and technical indicators.

The platform monitors and analyzes real-time data from the digital asset market. The software monitors news sources, tracks influencers, scans online social media, and provides sentiment analysis, forecast and trade signals on the top 300 digital assets (more are added regularly). Additionally, the software system provides news, price quotes, and allows for messaging.

The SaaS platform is accessed through a monthly subscription model, which ranges in price depending on whether the plan is basic, professional, or corporate. To learn more about CoinAnalyst: www.coinanalyst.tech
