

PopKanon Releases Their Second Single "Slippin" Featuring Soul Singer Nef

*Nef Delivers a Stunning Performance
Capturing the Pain, Sorrow and
Optimism of the Song*

CHICAGO, ILLINOIS, UNITED STATES,
April 18, 2023 /EINPresswire.com/ --
"Slippin" is about the everyday
personal battles when you have to let
something go and move on. The lyrics
were written during one of those
sleepless nights and depicts a personal
struggle of losing a loved one. It is
about how life can feel empty and
unfair at times. Writing is therapy.
Music is therapy.

"Slippin" is the second release from the
Norwegian songwriter trio, PopKanon.
It is an emotional and melancholic pop
song. Sadness can impact all of us
throughout life one way or another. It
can be due to loss of a friend or a loved one, a relationship break-up or another blue event. For
many, sadness can be an everyday struggle. It is a topic that is hard to talk about and hard to
cope with, particularly alone.

The single was released on April 18, 2023, and is the follow up to the debut song "Brothers", from
December 17, 2022. American soul singer, Nef, featured on "Brothers", is the vocalist also on
"Slippin". She delivers a stunning performance capturing the pain, sorrow and optimism of the
song.

The music video for "Slippin" will be released on May 2. The music video was intentionally shot
in black and white by Film Director Patrick Abella to capture the mood of the song. The scenes
are from a historic building, an old hangout spot for the infamous Al Capone, in the south loop
of Chicago.

"Slippin" was mixed and mastered at Pressure Point Studios with the expertise of the award-

Cover Art "Slippin".

Everyone can interpret the music and words differently. It is not meant to be a personal story. Nef captured the intensity I felt that night when I wrote the lyrics."
