The Certificate in Risk Governance® is awarded to those who have completed The Board Members' Course on Risk® - an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else.

On the occasion of receiving the Certification, Suzannah stated that “In order to effectively perform my duties as an independent board director amidst the rapidly changing global risk landscape, staying up-to-date on the latest best practices is essential. The DCRO Certificate in Risk Governance® covers a body of knowledge highly relevant to my board positions.”
