

CORE Gaming Helps Students Relax With Vetted Quality Gaming Gear

CORE Gaming Takes the Worry Out of Esports Buying

YORBA LINDA, CA, UNITED STATES, April 21, 2023 /EINPresswire.com/ -- With spring break over, college and career decisions loom for many students, finals are approaching, and graduation nears. It's a busy and stressful time. Videogaming provides a welcome outlet for socialization, entertainment, and relaxation, all of which can lower stress and boost academic performance. [CORE Gaming](#) does its part by taking the worry out of buying gaming gear. CORE Gaming vets gaming tech from top brands for performance, reliability, and style, then backs it up with a 100% customer satisfaction guarantee.

Taking the Worry Out of Esports Buying

“

The last thing students need is to wonder if their gaming gear is up to the challenge as they settle in for a little RPG action between study sessions.”

*Paul June, VP of Marketing
Core Gaming*

“High school and college students—many of them gamers—are under lots of stress this time of year,” explains Paul June, VP of Marketing for CORE Gaming. “The last thing they need is to wonder if their gaming gear is up to the challenge as they settle in for a little RPG action between study sessions.”

In addition, CORE Gaming’s lineup of award-winning, world-class carrying solutions are unparalleled in both quality and functionality. Helping students protect valuable

gear from bumps and drops, plus keeping it organized, is just one more way of lowering student angst.

Power on the Go

CORE Gaming’s new [24000 mAh capacity power brick](#) is ideal for mobile gamers or for extended gaming sessions off the grid. It can charge smartphones, tablets, laptops, and mobile gaming devices.

The 24,000's flat-and-wide design makes it an easy fit for carry-on bags and backpacks, another plus for mobile gamers. With four outputs, including a built-in AC outlet, this 65W powerhouse can double a laptop's battery life or keep a smartphone at 100% for a week.

Built-in smart chip technology detects charging needs and automatically regulates flow. The attached devices are protected from overcharging, overheating, overvoltage, and short-circuit failures. Also included are a 20W USB-C PD wall adapter and USB-C to USB-C charging cable.

Connected & Protected

Prewired with external USB ports for plugging devices into internal power banks, the CORE Gaming Backpack, the [CORE Gaming Tactical Backpack](#), and CORE Gaming Deluxe Duffel are ideal carrying solutions for mobile gamers. With dedicated, padded compartments each provides tons of room for organizing and protecting laptops, gaming consoles, and other valuable gear. Each also boasts numerous internal and external pockets to accommodate accessories and personal items.

The award-winning CORE Gaming Backpack holds most 17- to 18-inch gaming laptops and/or gaming consoles like the Xbox One, PS4, or Nintendo Switch.

The highly configurable, Tactical Backpack features an external, front webbing storage system that can be customized using

Helps Gamers Boost Their Storage Capacity for Tech and Personal Items

movable “MOLLE” pockets.

The large capacity Gaming Duffel handles oversized gear in a large main compartment, with zippered pockets and open slip pockets for smaller items. This versatile bag is equally suited for a weekend gaming getaway as it is a trip to the gym.

Both backpacks feature trolley straps for stacking on other luggage. The backpacks and the duffel all come with a hook-and-loop (Velcro) panel for showing off tournament, school, and vendor patches.

Time to Level Up

For a limited time, use promo code SPRING20 at checkout from the CORE Gaming online store to receive 20% off CORE Gaming, Mobile Edge, Alienware, and other top brands. Some exclusions apply. Customers also get free shipping on orders of \$75 or more.

Editor’s Note: SAMPLES ARE AVAILABLE FOR REVIEW. Supplies are limited.
