

Artha Assisted Living, luxury senior care living in Gurgaon, India, adds Palliative care to its Elderly Care Services

Palliative Care at Artha provides comfort, dignity, and quality of life to elderly patients, irrespective of their health stage, ailment, illness, or disease.

GURGAON, HARYANA, INDIA, April 21, 2023 /EINPresswire.com/ -- According to a study conducted by the Indian Journal of Palliative Care, only 1% of the population in India has access to palliative care. The need for palliative care has increased tremendously in India, with an ageing population and an increase in chronic diseases such as cancer, heart disease, and diabetes. Artha Assisted Living recognizes the importance of providing holistic care to elderly patients and is proud to offer Palliative Care services.

Artha Assisted Living's Palliative Care services aim to minimize stress and pain and provide a smooth transition to normalcy, enabling patients to lead a more stress-free life.

According to a report by the World Health Organization (WHO), Palliative Care services are an essential component of health systems and can improve the quality of life of patients and their families. WHO recommends that Palliative Care services be integrated into health systems to ensure patients receive the care and support they need.

Artha Assisted Living is committed to providing holistic care to its elderly patients and believes that Palliative Care services are an essential part of this care. The facility's Palliative Care team works tirelessly to ensure patients receive the comfort, dignity, and quality of life they deserve.
