

Hololabs created an environmentally-themed AR game launching April 22 in Canada

Hololabs has announced the launch of a new free AR puzzle adventure game, Sky Haven: AR Merge Adventure, available on Google Play in Canada on April 22, 2023

VICTORIA, BRITISH COLUMBIA,
CANADA, April 21, 2023

/EINPresswire.com/ -- Canadian game development studio Hololabs shared details about their new mobile game Sky Haven: AR Merge Adventure.

[Launch trailer](#)

The game combines location-based gameplay, simple puzzle mechanics, and rich storytelling. Players use their mobile devices (Android, iOS soon) to find, feed, and nurture creatures seen all over the sky in augmented reality.

“

Education has played a big role in all of our projects at Hololabs and with Sky Haven we're taking the opportunity to make an impact by telling a compassionate story about our planet.”

*Amesh Narsing, VP of
Software Development,
Hololabs*

Players engage with members of a mysterious agency to help these sky creatures after discovering their presence in our world is directly related to climate change. Players contribute to climate action in the real world! In-game actions affect actual reforestation efforts through the game's climate change partner, Ecologi.

[Tree planting](#)

In-app bundle purchases contain trees that will be planted by Ecologi in key locations all over the world. Sky Haven's goal is to plant 1 million trees!

Sky Haven: AR Merge Adventure will launch on April 22, 2023, on Google Play in Canada. Coming soon to the Apple App Store in Q2.

Features include:

- Episodic mystery narrative
- Many sky creatures to discover, with additional traits to unlock
- Puzzle gameplay via popular “merge” mechanic
- Location-based map view
- Drone view with creature scanning mini-game
- Augmented reality (AR) view with proprietary sky occlusion system
- An engaging cast of characters that chat in-game with the player
- Free to play on Android and iOS
