4i successfully implements Oracle Primavera Cloud (OPC) for a construction company based in India

4i implements OPC for a Construction Major based in India specializing in planning & commissioning of Renewable Energy – Solar and Wind Power plants.

CHENNAI, TAMIL NADU, INDIA, April 22, 2023 /EINPresswire.com/ -- The client is a reputed player that offers technology, engineering, construction, manufacturing, and financial services as a conglomerate with global operations. To improve the efficiency of construction projects and in line with the sustainability goals, the client required a cloud-based project management system.

Client evaluated various systems and finalized Oracle Primavera Cloud. OPC is the newest offering from the Oracle Primavera Construction & Engineering business unit.

> " 4i is a proud to be an Oracle partner specialized in Oracle Primavera Cloud services."
>
> *Mr. Kathiresh Natarajan, Chief Marketing Officer - 4i Apps*

Their requirement was to implement their ongoing power plant projects in OPC for efficient project execution and monitoring, and to automate the process from progress collection to reporting in the digital platform.

Solution Provided:

4i apps is a specialized Primavera partner and provided end to end Primavera services from license supply to deployment. 4i team provided the client with provisioning of OPC environment, configuration of enterprise data, user access profile, user administration, schedule configuration, dashboard and report development, training & support.

OPC brings more modules and features than other scheduling tools in the market. Modules such as Schedule, Task, Progress and Portfolio offers extended project management capabilities for the new generation.

Key Benefits:
The key benefits of the project are:

- Sustainable solution with reduced carbon footprint
- Reusable project models for different type of Power plant construction such as Solar, Wind etc.
- Scalable solution
- More new functionalities compared to P6 EPPM
- Zero infra costs
- No upgrade costs
