“We're proud to honor the amazing work of the winners of this year's GAF Master Elite® President's Club Award, which celebrates exemplary efforts in high-quality service and leadership in the roofing industry across North America,” says Bobby Fischer, Vice President of Contract Programs at GAF. “These contractors have distinguished themselves through the highest standards of excellence, customer satisfaction, and dependability.”

“The 3 Star President's Club Award is awarded only after [7 years of consecutive outstanding performance](#),” said Mick Koster, President, Elite Roof and Solar. “We are proud to be one of only two roofing contractors in the entire state of

North Carolina and one of the top 50 roofing companies in the country to have achieved this consistent level of excellence. It's a testament to our entire team's focus on serving customers, delivering excellence in everything we do, and in treating our customers as if they are our next-door neighbors. We are thankful to GAF for recognizing us with such a prestigious honor and placing us among the best of the best roofing companies in the Carolinas."

GAF Master Elite® President's Club Award winners are selected from an elite group of roofing contractors that must first demonstrate proper licensing (in states that require it), maintain insurance, a proven reputation, and a commitment to ongoing professional training. In addition, qualifying contractors must also have met the criteria to earn the designation of a GAF Master Elite® residential contractor. Less than two percent of roofing contractors nationwide qualify for this award, earning one, two, or three stars for meeting specific criteria across high standards for reliability and service.
