

# Celebration Wellness Center Announces Healthcare Team

*Stem cell facility announces savvy healthcare team-members for the Costa Rica center*

SAN JOSE, COSTA RICA, April 24, 2023

/EINPresswire.com/ -- [Celebration](#)

[Wellness](#), a leading stem cell wellness provider offering patients organic stem cell-based treatments for those seeking relief from autoimmune diseases, orthopedic injuries, rejuvenation, and aging concerns based in San Jose, Costa Rica is pleased to announce their new healthcare team members who will be working at the the center. The healthcare facility will be having its grand opening April 27 from 5:30 p.m. to 7 p.m. CST at Avenida Escazu Commercial Center, San Jose, Costa Rica.

The team is educated in stem cell treatment and has extensive experience in the healthcare and research industries; we can't wait to begin providing treatment with them at the helm."

*Chief Executive Officer of  
Celebration Tim Kopatich*

The new employees of the center include:

- Dr. Mariella Murillo, Medical Director

Dr. Murillo received her Doctorate in Medicine and General Surgery through the Universidad Autónoma de Centro América, Costa Rica. Her experience in the medical field includes a focus in regenerative medicine, pain management, and alternative therapies. She was one of the pioneer practitioners of stem cell therapies in Costa Rica with more than six years of experience.

- Dr. Karol Soto, Head of Nursing Services

Dr Soto graduated from the Universidad de Iberoamérica. She has specialized in intensive care, with three years experience in Costa Rica's national hospital featuring the country's most important intensive care unit, worked as a COVID-19 first responder, and has knowledge of aesthetics and fluid therapy.

- Anrabel Araya MSc., Laboratory Operator

Araya is a cum laude graduate of the University of Costa Rica. He has more than twelve years experience in clinical microbiology, immunology, and cell culture techniques with work as a laboratory manager and studies in epidemiology. While obtaining his Bachelors and Masters degrees, Mr. Araya studied molecular mechanisms associated with cell migration and

regeneration in angiogenesis.

- Victor Morgan-Rothschild, Operations and Patients Concierge

Rothschild majored in business administration at the Universidad de Costa Rica and has a Master's degree in marketing and public relationships from Universidad Latinoamericana. Since 2016 he has been associated with stem cell service providers in Costa Rica both in operations and as patient concierge.

- Veronica Rubio, Administrative Assistant

A native of Bogota, Colombia, Rubio has a degree in hotel and restaurant management from Sena University in Bogota. She has worked for Londono Group Hotels which encompasses the Sheraton hotel chain in Latin America, as well as Crowne Plaza International, and oversees the center's operations.

"We are incredibly excited to announce our Cellebration Wellness Center healthcare and operations team guided by Anand Srivastava, M.S., Ph.D, who is considered by many to be the "Father of Stem Cell Research," said Tim Kopatich, Chief Executive Officer of Cellebration. "The team is educated in stem cell treatment and has extensive experience in the healthcare and research industries; we can't wait to begin providing treatment with them at the helm."
