“

By adding these two devices to our practice, patients will receive the best minimally invasive skin care treatments administered by trained practitioners dedicated to superior patient outcomes”

Dr. Bednar, Founder, Bednar Plastic Surgery

and Aesthetic Philosophy, led by Founder Dr. Edward J. Bednar and Julie Gallo, MMS, PA-C, have added two new laser treatments to its robust Aesthetic Philosophy offerings, the Rohrer Aesthetics Spectrum and Pixel8 Pro. Our experienced practitioners utilizing these award-winning devices will provide our patients with unsurpassed outcomes with the most innovative advancements in minimally invasive skincare.

The Spectrum device offers patients the latest in effective laser hair removal for both small and large areas with a built-in contact cooling for superior patient comfort. The system also an advanced filter system that allows us to

offer patients intense pulsed light treatments (IPL) which treat a host of skin ailments including red and brown spots, vascular reduction, spider veins and acne as well as many others. Additionally, we can offer safe and effective laser peels and modern photo facials.

The Pixel8-RF Pro micro-needling and CO2 Laser device provides the latest advancement in skin tightening and collagen induction therapy as well as skin resurfacing. The [RF Micro-needling](#) system combines the collagen stimulating effect of micro-needling with the skin tightening effect of radio-frequency (RF) to provide patients with meaningful improvements to their skin. Among the many benefits of the CO2 Laser, it provides unparalleled skin resurfacing, collagen production, hand rejuvenation, and skin tag removal. Some of the many modalities treated with the Pixel8 Pro include: fine lines and wrinkles, enlarged pores, stretch marks, facial acne scars, crepey skin, hand resurfacing, laser blepharoplasty, uneven skin tone, brown spots, and many more.

“Bednar Cosmetic Surgery and Aesthetic Philosophy has always been committed to the best

dermatologic treatments in skin care and anti-aging” said [Dr. Edward Bednar](#) “By adding these two devices to our practice, patients will receive the best minimally invasive skin care treatments on the market today administered by trained practitioners dedicated to superior patient outcomes.”
