What is Artificial Turf Market?

The Artificial Turf Market refers to the global market for synthetic grass products used as an alternative to natural grass for landscaping, sports fields, and other applications. Artificial turf, also known as synthetic turf, is made from synthetic fibers that are designed to resemble natural grass. It is a low-maintenance, durable, and cost-effective solution for areas where natural grass is difficult to grow or maintain. The market includes a wide range of products, including landscaping turf, sports turf, leisure turf, and other specialty turf products.
