Dawlish: a town that cares for the environment

DAWLISH, DEVON, UNITED KINGDOM, April 28, 2023 /EINPresswire.com/ -- [Turn the Tide Teignbridge CIC](https://www.einpresswire.com/news/turn-the-tide-teignbridge-cic/), with the support of Dawlish Town Council, is organising an event to celebrate our coastal location and promote our wellbeing.

With guest speakers and representatives from eco-friendly organisations and businesses alongside entertainment, workshops and activities for all the family, this will be a fun and informative one-day festival.

Dawlish has declared a climate emergency and was awarded 'Plastic Free Community' status by Surfers Against Sewage, placing it firmly on the map as a town that cares for the environment.

Dave Hutton, one of the organisers, says, "We want this to be a positive celebration which brings together a wide range of organisations and businesses to inform and inspire people of all ages. The focus is on fun, with music, keynote speakers and other activities. We aim to encourage everyone to live more in harmony with their environment, particularly in coastal locations such as Dawlish."
