"We have tried to compile various information already offered in our platform in the most

comprehensive guide of our beautiful city. Bucharest Travel Guide 2023 is the guide to access when in Bucharest. It offers tourists information on transport, accommodation, best restaurants and top attractions. Also, it offers inside guidance into Bucharest's hidden gems and attractions. Hopefully, this will be accessed and appreciated by tourists worldwide interested in visiting our Capital City" says Ana-Maria Maita, Project Manager at Visit Bucharest.

It also offers tips to international travelers, such as to enjoy the city at its best. Plenty of exciting information and vivid pictures from Romania's Capital make Bucharest Travel Guide 2023 the best companion for those who travel to Bucharest. The number of international tourists visiting Bucharest had increased since last year when around 600,000 foreigners visited the city. Estimations show that in 2023 there will be more than 1 million foreign travelers in Bucharest. Yet, this number is way less than the record in 2019, when 1.9 million international travelers visited Romania's Capital.
