About the Company

Cabinet Cubby USA was founded by Doug Morby, a highly skilled tradesman who started out as a manager of a Sherwin Williams paint store in 1978. Eventually, Morby discovered a passion for fine finishes and cabinet painting and started his first company, Camelback Cabinets, a full-service cabinet manufacturer.

Camelback Cabinets began manufacturing its own drawers and eventually set up an entire division dedicated to manufacturing drawers and storage pull outs. Alas, the Cabinet Cubby USA brand was born.
