

# SolidParking & IHP Renew Partnership Designed to Revolutionize the Parking Experience

*The partnership has helped the companies to create a revolutionary product that provides an improved parking experience for customers.*

QINGDAO, PEOPLE'S REPUBLIC OF  
CHINA, May 3, 2023 /  
EINPresswire.com/ -- SolidParking and  
Qingdao Huatong Shichuan Island

Parking Equipment Co. Ltd (IHP), two of the world's leading companies within the parking solutions space, are excited to renew their partnership and develop revolutionary products designed to provide an improved parking experience for customers.

SolidParking (<https://solidparking.com>) and IHP (<https://www.ihparking.cn/>) first partnered in 2019, and since then, the two companies have cooperated on the manufacturing and overseas market development of parking systems including [car parking lifts](#) such as 2 post type and 4 post type, customize car lifts, and high-end intelligent garage products including SSP (artificial intelligence parking robot), EP (tower parking equipment), and SHL (flat mobile parking equipment).

In addition to their manufacturing cooperation, the partnership additionally focused on providing an extensive after-sales service program that includes regular maintenance and troubleshooting services, ensuring customer satisfaction and an improved parking experience.

With their partnership almost four years in the making, Huatong and SolidParking have decided to continue to take advantage of their combined strengths. Together, they aim to continue efforts to create a revolutionary product that delivers high-end intelligent garage products, superior customer service, and an overall improved parking experience for customers.

## About IHP

Located in the Qingdao Huatong High-tech Equipment Industrial Park, IHP is dedicated to meeting China Manufacturing 2025 standards and leveraging Huatong Group's resources and

IHI's technology to construct regional intelligent garage projects. This focus has helped IHP become a leading provider of intelligent parking equipment and services, including R&D, design, quality control, sales, installation, and maintenance.

### About SolidParking

SolidParking is committed to designing and manufacturing both manual and automated parking systems that are fully customized to meet its clients' needs or requirements. Its success is built on solid values such as innovation, experience, and the implementation of leading engineering solutions that can deliver real benefits for our clients and help them enjoy a more efficient parking experience.
