King's Spokesperson

“We have introduced spacious hotel apartments with comfortable workstations, reliable WiFi and private kitchenettes, creating the ideal environment for professionals looking for high quality and affordable extended-stay options.”

KING's is not an impersonal hotel chain, but a family-

owned operation combining old world charm and modern facilities in the desirable district of Maxvorstadt right in the heart of the Bavarian capital.

The company's three properties - flagship KING's Hotel First Class, KING's Hotel Center and AdvaStay by KING's - are all in close proximity to each other, and Munich Central Station is just a

few minute's stroll from each.

KING's Hotel First Class also boasts a recently launched co-working café. [Focus Lounge](#) by KING's offers workstations with charging points, high-speed WiFi, a healthy organic menu, and barista coffees with dairy alternatives available. Friendly staff will even take care of laptops and other devices when guests want to take a well-earned screen break.

The Focus Lounge transforms into a cocktail bar at the end of each day, providing opportunities for networking, socializing and relaxation after a hard day's work.

Opening hours are Monday-Friday: 6:30am-7pm (co-working) & 7pm-12am (bar vibes). Saturday & Sunday: 7am-5pm (co-working) & 5pm-12am (bar vibes).

Conference and meeting rooms are also available, with seating for up to eight. KING's Hotel First Class has also become a popular pick as a business or family celebration event venue, with catering services, fully stocked bar and sound system available.

The spokesperson added: "Our website scours the internet for better deals on our rooms, and then we beat that price. Every time, no exceptions. You will always get the best price on a King's Hotel room by booking directly with us. And with booking code KNG2023, you get a 10% discount on top!"
