RESTORING AND SOOTHING THE SKIN

one of us all around the world: acne, pigmentation, rosacea, atopic dermatitis, sunspots, dryness, etc. Such issues require regular treatment and constant follow-up. Unfortunately, over-the-counter products sold by retailers and pharmacies only provide a partial solution, as only high concentrations of active therapeutic ingredients lead to results and recovery.

Besides products offered by cosmetologists for home use, KB PURE LTD also has a professional product line with high concentrations of active ingredients. These products are applied only in professional skincare treatments.

In addition, the company also offers anti-aging products for solidifying, minimizing and smoothing out wrinkles (clinically proven), products for maintaining youthful skin, SPF creams, and more.

KB PURE LTD operates worldwide via distribution companies that specialize in distributing aesthetic, cosmetic and medical technology. Our distributors are professionally trained by the parent company so that they can in turn train doctors and cosmetologists. Such training is required in order to accurately match the appropriate therapeutic products to patients, as these are active products that require extensive knowledge and expertise in advanced cosmetics. KB PURE LTD also coordinates professional training sessions given by the company's certified training team, all experts in therapeutic cosmetics.

KB PURE LTD's Quick Solution

The company is leading an international revolution in professional therapeutic cosmetics. KB PURE's founder and product developer, along with leading chemists, have found the ultimate way to help those suffering from skin problems without requiring dozens of active products. They have accomplished this by combining several formulas into one product, which enables faster treatment with fewer products. Moreover, the products are suitable for all skin tones without skin tone or age limits, and can also be used during the summertime.

All of KB PURE LTD's products have undergone dermatological testing and [clinical trials](#), and are approved according to the strictest standards by Israel's Ministry of Health and other global authorities.
