The Best of Earth 2023 ceremony was held on May 2nd via an internet livestream, recognizing the best in fulldome production. The Best of Earth Awards received a diverse range of entries, showcasing the talent and creativity of fulldome artists from around the world. An independent panel of experts assessed the entries, evaluating the quality, originality, and impact of each film.

The winners of the 2023 Best of Earth Awards are:

- Best Fulldome Feature Film: Lands of the Americas
- Best Fulldome Short Film: Grandmas House
- Best Fulldome Student Film: Ginófitas
- Best Fulldome Art & Experiment Film: Partita for 8 voices
- Best Fulldome Science and Education Film: Worlds of Ice
- Special Jury Selection: Bébé Symphonique

Each winner is recognized for their outstanding contribution to the field of fulldome production. We applaud their hard work and dedication in producing high-quality films that inspire and educate audiences around the world.

The Best of Earth Awards is dedicated to promoting and celebrating excellence in fulldome production, empowering fulldome artists, and fostering science and art collaboration. The awards strive to uplift planetariums, support businesses, general interest audiences, and Fulldome Festivals. Partnerships with five renowned festivals - [Dome Fest West](#), [Fulldome Festival Jena](#), FulldomeUK, DomeUnder, & SAT Fest - nominate ten candidate films each for the Best of Earth Award process.

The Best of Earth Awards is a bi-annual event that recognizes the best in fulldome production. It is an excellent opportunity to witness the celebration of the best in fulldome production and to get inspired by the creativity and innovation of fulldome artists.
