

Brian Walker Expands Types of Software to Provide Personalized IT Support

Types of Software Helping Internet Users Make Informed Software Decisions

MIAMI LAKES, FL, US, May 2, 2023 /EINPresswire.com/ -- [Brian Walker](#) is taking his consulting company, [Types of Software](#), to the next level, providing people with personalized [IT](#) support to make sure they're getting the most out of their technology.

Founded in Miami, FL, Types of Software first started out as a research website for internet users to think through their needs and wants when it comes to various software applications. Now, Brian is expanding his business with a hands-on approach, taking the user's experience to a whole new level.

Through his experience in consulting and software, Brian is helping users make sure they are making the right decision with the software they choose. Whether it is selecting the best software for their business needs or personal use, Brian is dedicated to providing personalized IT support to make sure users are using the right software for their situation. He offers advice on software selection and implementation, as well as technical support and troubleshooting.

“

If you have a question about the software you use, you can now message Brian directly and he'll happily walk you through it.”
