“Everyone relies on technology more than ever, including our moms. Whether it's for work or play, we take our tech with us everywhere we go. Women looking for a combination of style and top-notch functionality need to look no further than the [ScanFast Onyx Briefcase](#). Part of the “ScanFast for Her Collection,” this briefcase features a classic design that will be in vogue for years. The exterior features faux-croc accents for a stylish look, plus designer-quality, tailored materials, and fittings.

The Onyx Briefcase is TSA-compliant so travelers can breeze through airport security without removing their laptops. In addition to its dedicated laptop compartment, the Onyx offers sections and pockets for papers, personal items, and tech accessories.

Designed to fit 16-inch laptops and 17-inch MacBooks, the Onyx was seen on the TV show *Pretty Little Liars*.

If it's versatility busy moms crave, the [Urban Laptop Tote](#) is a perfect everyday companion for busy lifestyles. Whether for work, school, traveling, or a trip to the gym, this spacious tote does it all.

Its large, main compartment features a zipper closure and a fully lined interior with padded pockets for laptops and tablets. An internal workstation includes storage for pens, smartphones, flash drives, and other accessories, as well as a handy key fob. Open pockets on both ends of the tote can hold water bottles and other personal items.

The Urban Tote is made of lightweight, durable charcoal-colored cotton canvas with contrasting vegan leather trim in brown or black. With dual top handles, it's easy to carry and offers versatility as a purse, travel bag, briefcase, or even a diaper bag.
