"I am looking forward to seeing X Games return to a big fan experience, and to celebrate skateboarding like never before," said 10-time X Games gold medalist Tony Hawk. "And I hope I can come up with some new tricks by then."

This summer will mark the first time in three years since X Games fans came together to enjoy Skateboard, BMX, and Moto X competitions in a large event format, complete with a fan

festival and music performances. Ventura, California will serve as the final stomping ground and last stop of the tour for the world's best action sports superstars to compete at the Ventura County Fairgrounds and Event Center from Friday, July 21 - Sunday, July 23, 2023. The weekend will feature competitions, an interactive festival, and live music over the course of three days.

"Our city has a long history of supporting big events, and it is an honor to be selected by the X Games to host this prestigious international competition in July," Ventura Mayor Joe Schroeder said. "We look forward to welcoming thousands of athletes and fans to our community and showing the world all the unforgettable things Ventura has to offer."

"We are thrilled to return to the home of action sports this summer. We are reimagining events along the coast of California and strengthening the fan experience whether you're watching live in-person or on broadcast," said Steve Flisler, X Games CEO. "Ventura is rolling out the red carpet. It provides the ultimate ocean and mountain backdrop to showcase never-been-done tricks and the progression of action sports, celebrating the greatest athletes on the planet in their respective disciplines."

X Games is partnering with Visit California and Amtrak Pacific Surfliner for a summer campaign to bring awareness to fans in the surrounding area and to provide a sustainable way to travel up the coast to each of the X Games events. The Pacific Surfliner is the second busiest Amtrak route in the country and one of the most scenic train routes in America. The train travels along the Southern California coast, through diverse landscapes that include beaches, low mountain passes, and agriculture. The Ventura stop is part of the Fairgrounds parking lot and will drop fans off a few feet away from where finals weekend will take place.

"For decades, California has been the epicenter of action sports, producing some of the most talented athletes in the world. It's only fitting that the X Games make their way back to the ultimate state for play to celebrate the culture that inspired these incredible events," said Visit

Tony Hawk X Games

Quotes:

Bryce Wettstein, X Games Skateboarder

"I am so excited for X Games to come to Ventura! I love any excuse to visit Ventura. I first traveled to Ventura at age 9 to surf in a WSA surf contest, and then we would go every year for the same contest and NSSA until I was age 17. The beaches are so pretty and C Street and Surfer's Point at Seaside Park are such fun surf spots. Ventura is a quaint little beach town right on the ocean, with lots of great fish restaurants and fun breweries. You can walk almost everywhere through the small downtown. There's also a long pier you can walk out on too. There's also at least 6 skateparks in Ventura as well. I really enjoy Ojai park. The drive to Ventura is also very scenic along 101 coast highway. I know my family and I are planning on making a fun family trip for this X Games!

Curren Caples - X Games Skateboarder

"I'm hyped to have X Games coming to my hometown!!"

"X Games back in Southern California is so amazing to me! The first time I ever saw BMX was at the San Diego X Games, now it feels like it's gone full circle!"

Axell Hodges, X Games Moto X

"After two years at the Slayground, it's actually going to be really dope to ride in front of thousands of fans again at Ventura X Games. I'm stoked!"

Marlyss Auster, CEO/President Visit Ventura

"This has been a vision of mine, the Visit Ventura team, and Ventura partners to build relationships to bring an internationally recognized event to Ventura. The brand alignment is spot on and I am thrilled that the X Games will be a part of the fabric of our community. Needless to say, this is the result of an enormous amount of support, collaboration, and passion. We can't wait for the X Games athletes, media, sponsors and enthusiastic spectators to meet our Ventura. It really is happening and it is going to be amazing!"

"The Ventura County Fairgrounds feel privileged and honored to have been selected as the site

for the 2023 Summer X Games! This is an opportunity to bring something very unique and exciting to the city and county of Ventura! We couldn't be more thrilled to be a part of it!"

Matt Lavere, County Supervisor Board Chair

"As the former Mayor of Ventura, I worked closely with Visit Ventura as we engaged in discussions with X Games about Ventura hosting the Summer X Games. Those discussions focused on Ventura's beautiful coastal setting as a draw to attendees and potential for innovative programming, strong track record of hosting large events, proximity to Los Angeles, and our well-recognized reputation and familiarity within the extreme sports community. Ventura is proud to host the Summer X Games."

Akbar Alikhan, Interim City Manager

"We are excited to welcome the X Games to Ventura - a city that offers the ultimate playground for extreme sports enthusiasts. The surf and skate culture is a key part of our community's ethos and naturally complements the energy and excitement of an international competition like the X Games," said Ventura Interim City Manager Akbar Alikhan.
