Leading Players in the Global RegTech Market- ACTICO GmbH, IDology, International Business Machines (IBM), Broadridge Financial Solutions, Inc., ComplyAdvantage, MetricStream, Thomson Reuters, Wolters Kluwer N.V., Trulioo, and Infrasoftware Technologies.

Some Key Highlights From the Report

The cloud segment accounted for largest revenue share in the global RegTech market in 2022. This is because Regtech firms work with banks and regulatory authorities to share information

using cloud computing and big data. Cloud is an inexpensive technology that allows users to share data safely and quickly with other businesses.

The solutions segment registered fastest revenue growth rate in the RegTech market in 2022. RegTech, or regulatory technology solutions, employs cutting-edge capabilities and methodologies to assist institutions in improving regulatory governance, reporting, compliance, and risk management.

The Asia Pacific market is expected to account for largest revenue share in the global RegTech market during the forecast period. This is attributed to rapid development of Asian markets and financial systems, as well as higher investments in technological advances and digital transformation.

The RegTech market has been segmented by Emergen Research based on various factors including components, platforms, offerings, technologies, applications, end-users, and regions.
