IRVINE, CA, USA, May 3, 2023 /EINPresswire.com/ -- California-based [Keystone](#), the premiere Homeowners Association management company in Southern California, has expanded in Colorado by acquiring Vista Management Associates. Vista is located in Westminster, Colorado, and was owned by its President, Cindy Combs who started the company in 1995. Cindy Combs

“

It is so exciting for Keystone to have an expanded presence in Colorado. We can't wait to partner with Vista to serve more clients in the Denver area.”

Cary Treff, CEO of Keystone

wanted to ensure her company and its high level of service would be matched or exceeded by the firm buying Vista. After meeting with Keystone, Cindy knew it was the right fit.

“From our first interaction, Keystone's CEO Cary Treff and his amazing team of professionals have demonstrated first class customer service, key values, and putting our clients and staff first. They are the perfect partner to take our company into the future” said Combs.

Vista has long delivered outstanding customer service to their managed associations, which is a natural extension of Keystone in the Colorado market. Keystone, which has experienced consistent growth in the last five years and has many clients in Colorado, offered resources to continue Vista's growth while re-enforcing its core values. The acquisition will expand Keystone's portfolio to almost 650 clients in addition to adding sixteen new team members.

“It is so exciting for Keystone to have an expanded presence in Colorado,” said Cary Treff, CEO of Keystone. “We can't wait to partner with Vista to serve more clients in the Denver area.”

This is Keystone's sixth acquisition in four years following Progressive Community Management in Southern California in 2019, Maximum Property Management in Aurora Colorado in 2021, Pilot Property Management in Encinitas and AMI in Boise Idaho in 2022, and Curtis Property Management in February 2023. Keystone continues to explore other opportunities of expansion

throughout the west.
