management, driving efficiency and value creation in organizations.

The CIRS™ program covers a comprehensive range of topics, including interest rate derivatives instruments, interest rate swaps, risk management strategies, pricing and valuation, regulatory compliance, and counterparty credit risk management. Participants will gain insights into the latest industry trends and best practices while acquiring hands-on experience through case studies and real-world simulations.

"With the increasing complexity and global nature of interest rate derivatives, swaps, and risk management, there is a growing demand for professionals who possess the expertise to navigate the challenges and drive positive outcomes for organizations." said Bok Yan Lo, Managing Director of the Chartered Institute of Professional Certifications. "The CIRS™ program addresses this need by providing professionals with the knowledge and skills necessary to excel in this critical field."

Fully accredited by the Chartered Institute of Professional Certifications, the CIRS™ program is designed to offer flexibility, with various delivery options available, including [on-demand](#) and [live](#)

in-person classes.

Upon completing the CIRS™ program, graduates will receive the Chartered Interest Rate Derivatives, Swaps, and Risk Management Professional (CIRS™) designation, a trademarked credential that is globally demanded and recognized by companies and organizations across the industry and exclusively granted to professionals who have successfully passed our accredited program. The program has also been independently certified and accredited by CPD, adhering to the highest standards of Continuing Professional Development principles.
