

IBA Group Celebrates 30 Years

IBA Group, an alliance of IT companies with offices in 15 countries and development centers in nine countries, celebrates its 30th anniversary.

PRAGUE, CZECH REPUBLIC, May 4, 2023 /EINPresswire.com/ -- [IBA Group](#) is strong with its traditions that are rooted in the times of first IBM mainframes. In the 1980s, IBM representatives came to Minsk, the Belarusian capital, to tap the potential of local developers who were experts in the IBM mainframe architecture. As a result, the International Business Alliance (IBA JV) was founded in 1993. Eventually, IBM withdrew as a part owner of IBA and IBA launched a diversification strategy to expand the client base, service offering, and technology expertise, as well as to explore new markets. The strategy proved to be viable and effective.

In 2005, the company relocated its headquarters to Prague, Czech Republic, and IBA was transformed into IBA Group.

“

We are proud to have grown to where we are today and we look forward to the next years of co-creating a SMART future – sustainable, multifaceted, automated, reliable, and trusted.”

*Sergei Levteev, IBA Group
Chairman & CEO*

At present, the company's portfolio comprises an array of IT services and solutions. IBA Group's expertise ranges from mainframe software, data management, and SAP to enterprise solutions, cloud technologies, and RPA and artificial intelligence.

Sergei Levteev, IBA Group Chairman & CEO, said, “This year marks the 30th anniversary of IBA Group and it is truly a milestone for the company. We survived and became even stronger after the dot-com bubble of 2001-2002, the COVID-19 pandemic, and the recent political and economic

turmoil. We are proud to have grown to where we are today. We achieved our goals through dedication of our employees, and by building trust and confidence with our customers. We remain true to our traditions. We keep supporting our employees and remain loyal to our customers. We look forward to the next ten years of co-creating a SMART future – sustainable, multifaceted, automated, reliable, and trusted.”

About IBA Group

IBA Group is one of the largest IT service providers in Eastern Europe, performing software development, migration, maintenance, support, and IT consulting. Headquartered in Prague, Czech Republic, IBA Group has offices and development centers in 15 countries.
