

# Highlights from the Round Up News Magazine - May 4, 2023

*The latest news and trends for the construction, building and design community*

SUNDRE, ALBERTA, CANADA, May 4, 2023 /EINPresswire.com/ --

Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content on the Internet, through social media and our popular Round Up News Magazine. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

Top news this week comes from Cement Association of Canada who announced this week that their members and partners in the concrete sector released Concrete Zero, an Action Plan to ensure Canada's cement and concrete industry achieves its carbon emissions reduction goals by making cement net-zero by 2050. To reach net-zero, the industry will focus its efforts in five priority areas. Make sure you download a copy of the final report.

The top video is courtesy of nidus3D who show us how they built and delivered North America's first residentially permitted multi-unit 3D printed building. nidus3D uses a CSA-approved concrete mix, and nidus3D-pioneered onsite-manufactured lift in components to maximize the printing area of the COBOD BOD2 printer.

Content shares from members this week include:

- Kryton International - Flashback Friday: Using Smart Concrete® Solutions to Enhance

## Construction Worldwide

- OnTraccr Technologies - Balancing the Past and Present: The Challenges of Restoration Construction
- Association of Equipment Manufacturers - What to Consider When Thinking About Converting Utility Fleets to Electric
