

Introducing a New Free DIY Tool for Creating a Power of Attorney

*A User-Friendly Online Solution for
Crafting Your Own General Power of
Attorney and Health Power of Attorney*

SOMERSET, NEW JERSEY, UNITED
STATES, May 4, 2023 /

EINPresswire.com/ -- Estate planning can be complex and costly, posing a challenge for many individuals and families. Nevertheless, having our affairs in order can be critical to ensuring that our desires are fulfilled in the event that we are unable to make decisions for ourselves. On our website, we've launched [Do-It-Yourself General Power of Attorney](#) and DIY Health Power of Attorney tools. They are free for anyone who wishes to create their own legal documents.

These tools have been added to our existing [free Do-It-Yourself Last Will and Testament](#) tool, making it easier for individuals to utilize the best online options for estate planning regardless of their budgets. Our Do-It-Yourself Power of Attorney tools take less than 5 minutes to create a customized POA that can be used in any state.

Our Do-It-Yourself General Power of Attorney tool allows individuals to appoint people that they trust to handle their financial affairs if they are unable to do so themselves. This person, known as the agent, will have the power to manage the individual's finances, pay bills, access bank accounts, and make financial decisions on their behalf.

Our [Do-It-Yourself Health Power of Attorney](#) tool allows individuals to appoint people that they trust to make medical decisions on their behalf if they are unable to do so themselves. This person - known as the healthcare agent - will have the power to make medical decisions, such as choosing treatment options, consenting to surgeries, and selecting medical providers.

Both of these tools are essential components of any estate plan. Without them, individuals risk having their affairs managed by a court-appointed guardian or conservator, which can be expensive and time-consuming.

Our free Do-It-Yourself Power of Attorney tools are user-friendly and customizable to fit individual needs. They can be completed in just a few minutes, and the resulting documents can be used in any state. We understand that estate planning can be an overwhelming process,

which is why we have made it our mission to simplify the process and make it accessible to everyone.

"By offering free Do-It-Yourself Power of Attorney tools, we hope to empower individuals to take control of their affairs and ensure their wishes are carried out if they are unable to make decisions for themselves," said Victor Vega, CEO of Garden Mutual.

Our company has been providing estate planning tools and resources for over 2 years. Our commitment to making estate planning accessible to everyone has only grown stronger over time. We believe that everyone should have access to the tools and resources that they need to plan for their future, regardless of their financial situation.

Our free Do-It-Yourself Power of Attorney tools are just one example of our commitment to making estate planning accessible to everyone. We will continue to innovate and provide tools and resources that make estate planning simpler and more affordable for individuals and families.
