Yoga is a combination of spiritual, physical, and mental discipline originated in India. It is a holistic discipline based on an extremely subtle science, majorly focusing on bringing harmony between body and mind. Yoga is well-known for promotion of health, management, disease prevention, of many lifestyle-related disorders. In addition, practicing yoga improves strength, flexibility, breathing & lung capacity, and posture. It thus aids in managing anxiety, stress, depression, and other chronic diseases.

The yoga industry is witnessing rapid growth, particularly in North America and Asia-Pacific. The yoga practitioners is expected to cross 350 million by the end of this decade. Furthermore, the ongoing COVID-19 outbreak has bolstered the enrollment for yoga classes particularly virtual yoga programs around the world. This is attributed to the fact that yoga aids in immunity enhancement and stress management. As a result, humans from all walks of life and age are practicing yoga.

With focus on yoga and advancements in technologies, stakeholders in the industry are venturing into online or virtual yoga programs. Various online yoga platforms have emerged multifold amidst this pandemic. Moreover, offline players are providing virtual classes to untap colossal opportunity arising due to widespread lockdown and social distancing norms. Considering highly infectious nature of virus and no sign of immediate recovery, the global wellness industry is transforming rapidly with much of the focus on high-quality, easy to understand, and interactive virtual yoga content. Though offline classes were the major revenue contributor to the market, ongoing pandemic has certainly augmented the growth of such online platforms.
