Francesco, passionate Polo players since ever, after moving to Monaco many years ago, thought that Monte Carlo was the perfect place for a glamorous sport event like Polo. That's how it all started, so he created the Monaco Polo Federation. So, the first Polo event was held there in 2013, and after the big success of this first edition the Federation International of Polo decided that Monaco should have its own official representative, ambassador and federation. This first edition of the Monte-Carlo Polo Cup, in 2013, was a top international tournament with the auspices of the Monaco top authorities, and strengthened the position of Polo within the Monaco community by creating the "Fédération de Polo de la Principauté de Monaco".

Year after year, since the launch of the Monte Carlo Polo Federation this event continues to grow and gain popularity.
