

Houston Recovery Home First to Offer Full Family Luxury Accommodations with Downtown Penthouse for Post-Surgical Care

HOUSTON, TEXAS, US, May 8, 2023 /EINPresswire.com/ -- VIP Recovery Care, a Houston-based luxury surgical aftercare service created by a local nurse, recently opened the first all-inclusive Penthouse Recovery Suite in Downtown Houston that is large enough to accommodate surgery patients and their families in one spacious private apartment!

Dr. Stacy Sam, Ph.D., a Houston mom and 19-year Registered Nurse who specializes in women's health, created the 2,700+ sq ft. luxury Penthouse Recovery Suite with moms in mind, who often travel to Houston with family members for surgical procedures that require recovery time, assistance, and accommodations, before they are able to travel back home.

VIP Recovery Care's new two-story Downtown Houston Luxury Penthouse Family Recovery Suite

"I wanted to create an all-inclusive private healing space where patients undergoing a variety of procedures could get everything they could possibly need for the best recovery, without being separated from loved ones or burdening loved ones with their postoperative care at home," said Dr. Sam, Founder and President of VIP Recovery Care. "The new penthouse combines the best of both worlds with specialized 24/7 post-op nursing care, comfort care, and all the amenities of a first-class hotel so patients can recover in luxury with family and friends in the privacy of their own penthouse apartment."

The gorgeous two-story Suite has plenty of room for traveling companions and family members of patients with three bedrooms, four bathrooms, and beautiful, sweeping views of Downtown Houston. The services offered include 24-hour certified nursing care and staff MD, discreet luxury transportation, organic meals, snacks and a full in-suite custom-stocked kitchen, postoperative care coordination with surgeons, and aftercare specialists that help patients with pain management, wound care, dressing changes, complication prevention, bathroom assistance and other post-surgical medical needs, while also offering concierge medical and spa amenities like therapeutic and lymphatic massage, IV Therapy, and salon services!
