

Worldwide Autoinjectors Market Size Worth USD 170.16 Billion in 2028 | Emergen Research

Autoinjectors Market Trend

-Technological advancements in medical devices

VANCOUVER, BRITISH COLUMBIA,
CANADA, May 9, 2023

/EINPresswire.com/ -- The Latest research study released by Emergen Research on "[Autoinjectors Market](#)" with 150+ pages of analysis on business Strategy taken up by key and emerging industry players and delivers know how of the current market development, landscape, technologies, drivers, opportunities, market viewpoint and status. Understanding the segments helps in identifying the importance of different factors that leads the market growth.

Emergen Research Logo

The global autoinjectors market size is expected to reach USD 170.16 Billion in 2028 at a steady CAGR, according to latest analysis by Emergen Research. Global autoinjectors market revenue growth is significantly driven by increasing preference for self-administration of drugs, rapid increase in global geriatric population, and major prevalence of anaphylaxis, rheumatoid arthritis, and diabetes. Autoinjector devices are designed to eliminate hesitation during self-administration of drugs while using needle-based delivery systems. Majority of devices are

Some Key Findings From the Report

In March 2020, SHL Medical acquired Weibel CDS. The acquisition helped SHL Medical to strengthen its ability to offer more advanced drug delivery systems based on human-centered functionality and designs.

Rheumatoid arthritis segment revenue is expected to register a 17.9% CAGR throughout the forecast period. Major prevalence of rheumatoid arthritis is a key factor driving revenue growth of this segment.

Asia Pacific is expected to register the fastest revenue CAGR throughout the forecast period. Increasing geriatric population, development of more modernized healthcare infrastructure, and major prevalence of diabetes are some key factors propelling revenue growth of the market in this region.

Regional Outlook

We carefully examined each division, regional classification, national study, and subject-specific data set during the market research. This Autoinjectors Market research report's goal is to look at growth patterns, promising futures, important obstacles, and expected results. Information on significant market participants, strategic alliances, plans, new product launches, and joint ventures are all included in the research.

Key Reasons to Purchase Autoinjectors Market Report

The reader will be in a position to comprehend and react to marketing strategies like using strengths and conducting a SWOT analysis.

The research looks into the dynamics of the target market and how the conflict between Russia and Ukraine has affected it.
