FRANKLIN, TENNESSEE, UNITED STATES, May 9, 2023 /

EINPresswire.com/ -- [PhyNet Dermatology](#) LLC is proud to announce its recent affiliation with [Peachtree Dermatology Associates \(PDA\)](#), a six-provider, full-service dermatology practice located at 371 E. Under the new relationship, PDA will leverage PhyNet’s operational expertise and business support services, enabling all providers to focus exclusively on patient care. “The providers at Peachtree Dermatology Associates are on the leading edge of skin health and are nationally recognized as leaders in their field. The affiliation with Peachtree Dermatology expands the PhyNet network of managed practices to nine locations in

Georgia and over 115 in the United States with more than 280 network providers. Peachtree Dermatology was represented by Physician Growth Partners (PGP) throughout the entirety of the transaction process. Michael Kroin, PGP’s CEO and Managing Partner, noted, “Despite thoroughly vetting a number of potential partners, our client felt that PhyNet Dermatology’s vision best resonated with their own – not only within the Atlanta market, but across the dermatologic space

as a whole. They felt the approach PhyNet Dermatology is taking to progress the practice of dermatology not only from a clinical quality perspective, but also from a physician empowerment perspective was key in building enough trust to begin a new chapter in Peachtree's long and storied history. I am confident this next chapter will only be additive to those that preceded."

With their combined expertise and unique specialties, the providers at PDA remain committed to the clinical outcomes and individualized patient care they have always delivered. It is with great pleasure that we announce our newest relationship with the following PDA providers:

- Sylvia W. Wright, MD
- Christine M. Law, MD
- Titilola Sode, MD
- Adam J. Swigost, MD
- Ewa M. Rooney, PA-C
- Olivia M. Sullivan, NP-C

"Optimal skin health for our patients remains our top priority," commented Dr. Law. "We are proud to join the PhyNet Dermatology network," Dr. Wright added. "The affiliation allows us to continue providing unparalleled access to leading-edge dermatologic care, in the same fashion as we always have."
