

# Introducing Crypto Wallet Without Fees

HONG KONG, May 19, 2023

/EINPresswire.com/ -- "Crypto should be accessible and easy for everyone" — with this in mind Zafiro International Ltd is introducing the first crypto wallet without fees. [NC Wallet](#) is aimed to remove the borders restraining people from exploring cryptocurrencies. High network fees and unfriendly interfaces are the main deterrents for the ones considering starting with crypto — NC Wallet addresses these problems and clears doubts.

With NC Wallet users can exchange, receive, and withdraw the most popular cryptos for free. Bitcoin, MATIC, USDT, USDC, and dozens of other coins and tokens are available for all types of operations. The intuitive and easy-to-use interface makes NC Wallet accessible for beginners and skilled crypto pros.

The blockchain wallet has already attracted hundreds of thousands of users across the globe. The free crypto wallet app is available for [Android](#) and [iOS](#), as well as a browser version. For more info, visit the project's website.
