

General Wesley Clark touts hydrogen as an appealing alternative to oil & gas ahead of World Hydrogen North America 2023

View the exclusive interview with General Wesley K. Clark, Former NATO SACEUR, ahead of World Hydrogen North America in Houston, Texas, next week on May 15-17

LONDON, LONDON, UNITED KINGDOM, May 12, 2023

/EINPresswire.com/ -- General Wesley Clark encourages us to pick up the pace in the move away from fossil fuels, calling them the 'cause of struggle' and 'conflict' in a recent conversation with Nadim Chaudhry, CEO & Founder of World Hydrogen Leaders.

The graphic features the event logo 'world hydrogen north america' with a stylized 'H' icon. Below the logo, it lists the 'Keynote Address - May 15th - 6:30pm Geopolitics and Clean Energy Security'. The dates 'May 15th - 17th, 2023' and location 'Marriot Marquis Houston, Texas' are also provided, along with the website 'worldhydrogennorthamerica.com #whna23'. On the right side, there is a portrait of General Wesley Clark (ret.) with his title 'Former Supreme Allied Europe Commander of NATO'.

General Clark is just one of 150 thought leaders speaking at World Hydrogen North America, across 3 information rich streams of tailored content, over 3 days.

“We’re still in the age of hydrocarbons and we cannot afford to be”, said General Wesley Clarke. “We’ve got to move past the age of hydrocarbons or at least the age of fossilised fuels, so that is why hydrogen is so appealing to us. We’ve got to do it quickly”.

[View the exclusive interview](#) with General Wesley K. Clark, Ret. 4-star General, Former NATO SACEUR, ahead of World Hydrogen North America Congress in Houston, Texas, next week on May 15-17

General Clark is a former 4 Star General in the US Army and commander of NATO European forces, an instrumental figure in the signing of the Dayton Peace Accords to bring the Bosnian War to a close, a Rhodes Scholar, Vietnam veteran and holder of the Purple Heart. General Clark speaks about the need for us to move past the era of fossilised fuels and that the democratic nations need to stick together in an era of multipolarity.

General Clark is just one of 150 thought leaders speaking at World Hydrogen North America, across 3 information rich streams of tailored content, over 3 days.
