

Lithium Ion Battery Market Size and Share to reach USD 154.40 Billion in 2032 | Emergen Research

Increasing use of rechargeable batteries in rapidly growing consumer electronics industry is a key factor driving market revenue growth

VANCOUVER, BRITISH COLUMBIA, CANADA, May 15, 2023

/EINPresswire.com/ -- The global [lithium-ion battery](#) market size was USD Billion 45.07 in 2022 and is expected to register a revenue CAGR of 13.1% during the forecast period, according to latest analysis by Emergen Research. Increasing investments by governments of various countries across the globe in grid installations is expected to drive market revenue growth. In addition, rapidly increasing adoption of Electric Vehicles (EVs) is resulting in more and more efforts by companies in Research and Development (R&D) of lithium-ion batteries in order to meet the ongoing demand from automotive and other sectors. Development of a few new parameters such as lithium-ion diffusion, electrode-electrolyte interface properties, and electrode porosity, can help overcome challenges and achieve quick charging and ultra-long life and to create batteries with more technologically advanced products and improved battery capacity.

Lithium ion Battery Market By Material (Cathode Material, Anode Material, Electrolyte Material, Others), By Product Type (Component and Portability), By Voltage, By Vertical, and By Region Forecast to 2032

Market Dynamics:

The report bifurcates the Lithium ion Battery market on the basis of different product types, applications, end-user industries, and key regions of the world where the market has already

established its presence. The report accurately offers insights into the supply-demand ratio and production and consumption volume of each segment.

Competitive Landscape:

Furthermore, the report includes an in-depth analysis of the competitive landscape. The segment covers a comprehensive overview of the company profiles along with product profiles, production capacities, products/services, pricing analysis, profit margins, and manufacturing process developments.

The report also covers strategic business measures undertaken by the companies to gain substantial market share.

Additional information offered by the report:

Along with a complete overview of the global Lithium ion Battery market, the report provides detailed scrutiny of the diverse market trends observed on both regional and global levels.

The report elaborates on the global Lithium ion Battery market size and share governed by the major geographies.

It performs a precise market growth forecast analysis, cost analysis, and a study of the micro- and macro-economic indicators.

It further presents a detailed description of the company profiles of the key market contenders.

Key Companies Profiled in the Report:

Contemporary Amperex Technology Co.,

Limited, SAMSUNG SDI CO.,

LTD.,

CBAK Energy Technology,

Hitachi, Ltd.,

LITHIUMWERKS,

Panasonic Holdings Corporation,

TOSHIBA CORPORATION,

NEC Corporation,

SK innovation Co., Ltd.,

Energizer,

BYD Company Ltd.,

LG Chem

SECONDARY RESEARCH MODEL

Extensive data is obtained and cumulated on a substantial basis during the inception phase of the research process. The data accumulated is consistently filtered through validation from the in-house database, paid sources, annual report of companies, SEC filings, government press release, pricing databases and many more.

A robust research study requires an understanding of the overall value chain. Annual reports and financials of industry players are referred thoroughly to have a comprehensive idea of the market taxonomy.

Radical Highlights of the Lithium ion Battery Market Report:

Comprehensive overview of the Lithium ion Battery market along with analysis of the changing dynamics of the market

Growth Assessment of various market segments throughout the forecast period

Regional and global analysis of the market players, including their market share and global position

Growth strategies adopted by key market players to combat the impact of the COVID-19 pandemic on the market

Impact of the technological developments and R&D advancements on the Lithium ion Battery market

Information about profit-making strategies and developmental strategies of major companies and manufacturers

Lithium ion Battery Market Segmentation:

Material Outlook (Revenue, USD Billion; 2019–2032)

Cathode Material

Lithium Iron Phosphate (LFP)

Lithium Cobalt Oxide (LCO)

Lithium Nickel Manganese Cobalt (LMC)

Lithium Manganese Oxide (LMO)

Product Type Outlook (Revenue, USD Billion; 2019–2032)

Component

Cells

Battery Packs

Portability

Voltage Outlook (Revenue, USD Billion; 2019–2032)

Low (Below 12 V)

Medium (12V-36V)

High (Above 36V)

Regional Segmentation;

North America (U.S., Canada)

Europe (U.K., Italy, Germany, France, Rest of EU)

Asia Pacific (India, Japan, China, South Korea, Australia, Rest of APAC)

Latin America (Chile, Brazil, Argentina, Rest of Latin America)

Middle East & Africa (Saudi Arabia, U.A.E., South Africa, Rest of MEA)

About Us:

Emergen Research is a market research and consulting company that provides syndicated research reports, customized research reports, and consulting services. Our solutions purely focus on your purpose to locate, target, and analyse consumer behavior shifts across demographics, across industries, and help clients make smarter business decisions. We offer market intelligence studies ensuring relevant and fact-based research across multiple industries, including Healthcare, Touch Points, Chemicals, Types, and Energy. We consistently update our research offerings to ensure our clients are aware of the latest trends existent in the market. Emergen Research has a strong base of experienced analysts from varied areas of expertise. Our industry experience and ability to develop a concrete solution to any research problems provides our clients with the ability to secure an edge over their respective competitors.
