

Varist and OPSWAT Announce Partnership Agreement for Malware Protection

The partnership with Varist highlights OPSWAT's commitment to delivering cutting-edge cybersecurity solutions to its customers

REYKJAVIK, ICELAND, May 16, 2023

/EINPresswire.com/ -- Varist, an Icelandic cybersecurity company that recently acquired the operating assets of Cyren's anti-malware business, is excited to announce its latest partnership with [OPSWAT](#). The agreement highlights OPSWAT's commitment to providing its customers with the best possible malware protection solutions for uninterrupted security.

Varist is co-owned by former employees of Cyren's anti-malware division and is committed to delivering superior cybersecurity solutions that protect its customers from ever-evolving malware threats. The partnership ensures OPSWAT and its customers continue to benefit from the products and services previously supplied by Cyren's anti-malware division.

"The partnership with OPSWAT is a significant milestone for Varist as we continue to build relationships with market-leading cybersecurity companies," said Hallgrímur Th. Björnsson, CEO of Varist. "Our team's deep understanding of the challenges in stopping today's evasive malware and each customer's unique needs enables us to successfully deliver these services, and we are excited to work closely with OPSWAT to continue providing exceptional cybersecurity solutions for OPSWAT customers."

As a result of the partnership agreement, OPSWAT will update Cyren to Varist in MetaDefender effective May 24, 2023, to ensure its multiscanning technology is up to date with the appropriate vendor names. The continued partnership highlights OPSWAT's commitment to delivering cutting-edge cybersecurity solutions to its customers with minimal disruption. [More details](#)
