This accolade celebrates the exceptional contributions made by doctors and healthcare providers who prioritize patient education and create a positive impact within their local community and on a national level. When a doctor or other healthcare provider makes an impact, not only are they helping their patients, but they are also helping the community become a better place with their selfless commitment to patient education.

Lori Werner, Founder of the Top Docs Podcast says, “We appreciate the selfless commitment that healthcare providers make to their community. We are honored to award great doctors and medical professionals our 2023 Healthcare Impact Award. The Top Docs Podcast is built on the belief that medical professionals are the heartbeat of the world in so many ways. Our award winners have courage and an unyielding passion to educate and contribute in very unique ways.”

Werner continues, “Our award winners are selected for their contributions to patient education

About Dr. Andrew Croak:

Dr. Croak is the director of the Center and is a Urogynecologist. This term describes an Obstetrician/Gynecologist who completes additional training to care for women with complex problems related to pelvic health. There are few of these specialists in the country. To become one, Dr. Croak studied long and hard at the Mayo Clinic, one of the top clinics in the world. At Mayo, he gained world-class, state-of-the-art technical skills.

Dr. Croak's most important medical skill is one he already had – how to listen. When you visit him for your urogynecology service, you can trust that we will listen to your concerns and provide you with answers to every question.

About the Healthcare Impact Award:

The Healthcare Impact Award recognizes outstanding doctors and healthcare providers who prioritize patient education and make a positive impact on their local community and beyond. It celebrates individuals who go beyond the call of duty to enhance patient care and promote health education. The award aims to honor healthcare professionals who make a significant difference in the lives of their patients and inspire others in the medical field.
