

# Aspire Systems US Wins Gold Stevie Award at American Business Awards 2023

*Aspire Systems US won Gold Stevie Award in the Company of the Year category at the American Business Awards 2023.*

CHICAGO, ILLINOIS , USA, May 17, 2023 /EINPresswire.com/ -- [Aspire Systems](#) US, a global technology services firm, won Gold Stevie Award in the Company of the Year category at the American Business Awards 2023. Aspire Systems has been delivering end-to-end capabilities with the right mix of technology and domain skills for over two decades globally. The company has demonstrated expertise in the latest technologies, including Artificial Intelligence, Machine Learning, Digital Technology Platforms, Conversational Systems, and Intelligent Apps.

Aspire Systems US stands out for its innovative technological solutions, exceptional people practices, and diverse client base. With a robust presence across North America, Aspire Systems is emerging as one of the strong contenders in the evolving market.

The American Business Awards are the USA's premier business awards program, recognizing outstanding achievement in every facet of the workplace. This year, over 3,700 nominations were submitted by organizations of all sizes and across various industries.

Commenting on the achievement, Dinesh Kumar TK, Vice President - Human Resources, Aspire Systems, said, "We are delighted to receive this prestigious award. This recognition is a testament to our commitment to creating a thriving workplace that fosters learning and growth for all. We will continue to provide exceptional technology services to our clients, backed by our commitment to excellence and our team's passion for innovation."

Prathap Achuthan, Sr. Vice President at Aspire Systems, added, "At Aspire, we strive to stay at the forefront of technological advancements, enabling us to drive digital transformation for our customers effectively. This achievement showcases our dedication to delivering innovative technology solutions to our clients and our continuous effort to improve our processes."
